

Anmol Thakur

7999684451 | anmolthakur97@gmail.com | github | linkedin

Results-driven Business Analyst with 7+ years of experience bridging the gap between business needs and technological solutions across financial, retail, and enterprise domains. Proven expertise in the full product lifecycle: from requirement gathering (BRD/FRD) and agile project management to UAT execution and post-deployment client feedback tracking. Adept at unifying customer experience and standardizing project-level initiatives to drive interoperability, reduce maintenance costs, and cultivate long-term vendor partnerships.

EXPERIENCE

WONDERLEND HUBS | ASSOCIATE PRODUCT LEAD

02/2023 - Present | IDFC First Bank

- Analyze and map all relevant business requirements with proper documentation including all mechanisms for the project to be built.
- Understand the problem statement and come up with an effective solution as per the need.
- Spearheaded UAT efforts, collaborating with cross-functional teams to ensure the successful execution of testing phases, resulting in a 100% improvement in product quality and user satisfaction.
- Creating reports and dashboards using visual tools such as Metabase
- Working with data integrations- API based, file based.

TATA CONSULTANCY SERVICES | BUSINESS ANALYST

09/2019 - 01/2023 | Best Buy, Athome, Neiman Marcus

- Collaborate with multiple stakeholder groups to resolve production issues.
 - Lead and participate in agile meetings- sprint planning, daily standups, and backlog prioritization.
 - Monitor business-critical applications and share weekly reports.
 - Unify customer experience to drive better business decisions with experience management solutions.
 - Ensured project-level initiatives were standardized and scalable, resulting in improved interoperability and reduced maintenance costs.
 - Maintaining effective communication with external vendors.
